INTRODUCTION

Final-year Management Information Systems student blending technical operations with hands-on digital retail experience. Passionate about driving GMV, optimizing livestream campaigns, and automating workflows through data analysis. Experienced in cross-functional coordination, technical setups, and building automated tools to streamline fast-paced social commerce workflows.

EDUCATION

2022 - 2026

University of Banking Ho Chi Minh City

Major: Management Information Systems

Achievements

- Awarded excellent scholarships for 2 consecutive semesters in 2024-2025.
- Award: “Startup Idea for Social Impact” – HUB Startup Season VI.
- Top 50 students receiving "Trẻ Concert" scholarships.

WORK EXPERIENCE

04/2026 - Present

Intrepid Asia

LIVESTREAM OPERATIONS INTERN

- Coordinated cross-functional production teams—including hosts, brand representatives, and technical staff—to execute flawless livestream campaigns across high-traffic platforms like TikTok and Shopee.
- Configured and optimized live broadcast setups utilizing OBS Studio, professional camera equipment, and network monitoring tools to guarantee high-quality streaming and zero downtime.
- Managed real-time troubleshooting and operational adjustments during live sessions, adapting instantly to technical constraints and audience dynamics to maintain optimal viewer engagement.

04/2026 - Present

Thanh Thúy Bedding Store

E-COMMERCE STORE OWNER & OPERATOR

- Direct end-to-end digital storefront operations, demonstrating deep practical expertise in Shopee Seller Center mechanics, product SEO optimization, and marketplace algorithms.
- Engineer monthly promotional campaigns utilizing native marketing tools to maximize organic traffic and boost overall sales volume.
- Analyze daily performance dashboards, tracking key metrics NMV, CTR, CR,.. to continuously refine pricing strategies and inventory management.

08/2022 - 04/2023

DROPSHIPPING OPERATOR

Freelancer

- Managed a cross-border digital retail model, conducting extensive market research to identify trending product niches and establish competitive pricing strategies.
- Designed and optimized e-commerce storefronts to ensure seamless user checkout experiences and maximize visitor-to-buyer conversion rates.
- Coordinated directly with international suppliers to ensure timely order fulfillment while actively managing customer inquiries to build brand trust and resolve disputes.

PROJECT CONTRIBUTIONS

03/2026 - 06/2026

OP SHIFT — AUTOMATED SHIFT SCHEDULING SYSTEM

Project Lead & Developer

Link: https://drive.google.com/file/d/1EB9NzewNTStk1dE8wkNsLz6XcWI7TU2K/view?usp=sharing

- Developed a "Zero Human Intervention" automated scheduling system using APIs, extracting shift data and syncing it directly with operators' Google Calendars.
- Configured automated email alerts to trigger 30 minutes prior to broadcast times, eliminating the need for manual cross-checking and individual notifications.

Achievement: Completely eliminated manual tracking errors and prevented delayed shifts, optimizing team resources and safeguarding brand performance metrics.

08/2025 - 12/2025

PROJECT "BEP VIET" E-COMMERCE WEBSITE - GRADUATION PROJECT

Project Leader

Link: ***https://drive.google.com/file/d/1YAA-RHxyR7SBLkLpq6LvtHsPo-DyL2T7/view***

- Managed the full Software Development Life Cycle (SDLC), designing the Entity-Relationship Diagram (ERD) to support the platform's digital retail operations.
- Defined Use Cases for Generative AI integration, specifying how the Google Gemini API should analyze real-time inventory data to generate recipe recommendations.

Achievement: Received a 9.0/10 academic score for the logical complexity of the system architecture and the successful application of AI in an e-commerce context.

08/2024 - 07/2025

BACH KHOA MENTORING WEBSITE

QA/QC Supporter

Link: ***https://docs.google.com/spreadsheets/d/1AVHK7tergO6kL2AgGyV2p5und-z6V-RH/edit?usp=drive_link&ouid=103957967155711580556&rtpof=true&sd=true***

- Acted as a bridge between Operations and Tech teams to clarify Role-Based Access Control (RBAC) requirements, ensuring strict platform security compliance.
- Analyzed user drop-off points during report submissions and executed comprehensive test scripts across 12 QA rounds to propose UI/UX improvements.

Achievement: Standardized the requirement documentation process, enabling the development team to launch features supporting 130+ mentor-mentee pairs with zero logic errors during UAT.

SKILLS

Social Commerce & Platforms	Livestream Operations & Setup E-commerce Store Management, Campaign Execution, Cross-functional Coordination.
Data Analysis & Tracking	Advanced Excel (MOS Certified), Performance Metrics, Data Querying (SQL).
Operations & Automation	Workflow Automation (n8n, Apps Script), Google Workspace Integrations.

CHỨNG CHỈ

2026	EF SET English Certificate 69/100 (C1 Advanced)
2025	Microsoft Office Specialist (MOS) Excel, Word, PowerPoint 2016
